Public Policy. Engagement. Education.

Be a Vote for the Voiceless

Vote No on Issues 1 & 2

Did you know...

The abortion industry is pushing one of the most extreme abortion laws in the country in Ohio today?

If passed, their Constitutional amendment would lock legalized abortion through all nine months of a pregnancy into Ohio's Constitution. The amendment would even allow a minor to get an abortion without parental consent.

And did you know...

The marijuana industry is also attempting to legalize recreational marijuana in Ohio?

When Colorado legalized recreational marijuana, they not only saw an increase in drug use among minors and drug-related car accidents, but they also saw an increase in minority incarceration rates.

You have the power to say NO.

From October 11 through November 7, Ohio voters will have the opportunity to be a vote for the voiceless and reject these extreme political agendas.
